

KIN LONG 坚朗

一切为了改善人类居住环境

Product Catalogue Display

Luze Tech

河北路泽新材料科技有限公司

Hebei Luze New Material Technology Co.,Ltd.

I, Seismic Isolation & Energy Dissipation Products for Buildings

II, Seismic Isolation & Energy Dissipation Products for Bridges

III, Shock-absorbing Products for Equipment

I, Seismic Isolation and Energy Dissipation Products for Buildings

Seismic Isolation Rubber Bearings:

High Damping Rubber Bearings (HDR);

Lead-Rubber Bearings (LRB);

Lined Nature Rubber Bearings (LNR);

Deviation-Correctable Seismic Isolation Rubber Bearings

Friction Pendulum Seismic Isolation Bearings (FPS) :

Separation-Resistant Friction Pendulum Bearings;

Tension-resistant Friction Pendulum Bearings;

Masonry (wall panel) buttress-type energy dissipation and vibration reduction technology;

Flexible pipeline;

Seismic support and hanger;

I, Seismic Isolation and Energy Dissipation Products for Buildings

Viscous Fluid Damper(VFD)
Gapless Viscous Fluid Damper
Overload-Protected Viscous Fluid Damper
Two-Stage Viscous Fluid Damper
Composite Viscous Fluid Damper

Buckling-Restrained Brace (BRB)
Two-Stage Buckling-Restrained Brace

Metal Yielding Damper(MYD);
Tuned Mass Damper(TMD);
Viscous Fluid Damping Wall (VFW);
Lead Viscoelastic Material (LVD);
Metal Hybrid Damper(MHD);
Plate-Type Viscoelastic Damper;
Coupling Beam Damper(CBD);
Friction Damper(FD);

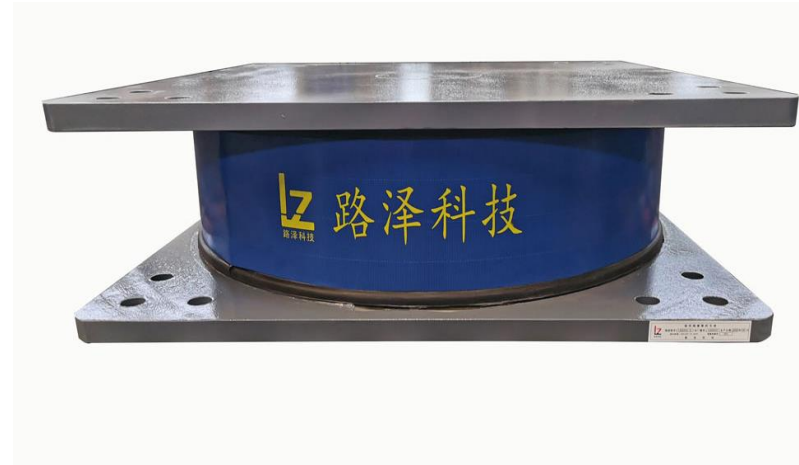

I, Seismic Isolation and Energy Dissipation Products for Buildings

Coupling Beam Damper(CBD);

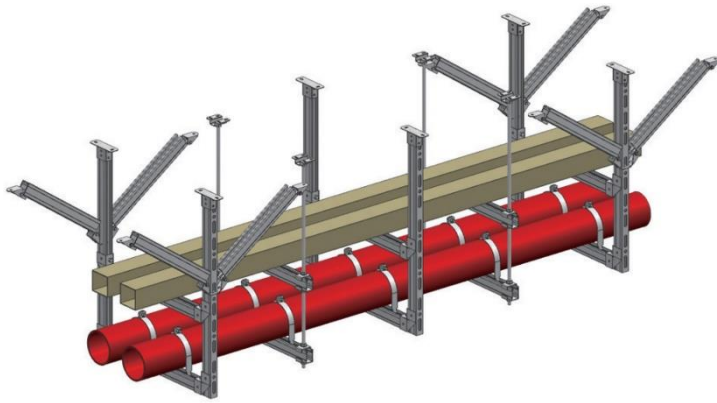

Plate-Type Viscoelastic Damper

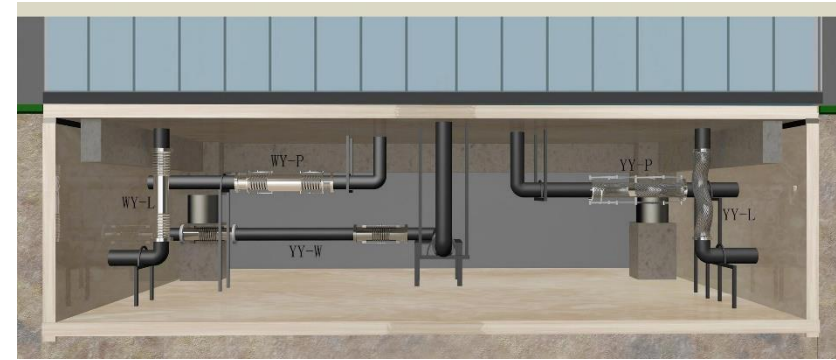

Friction Damper(FD);

I, Seismic Isolation and Energy Dissipation Products for Buildings

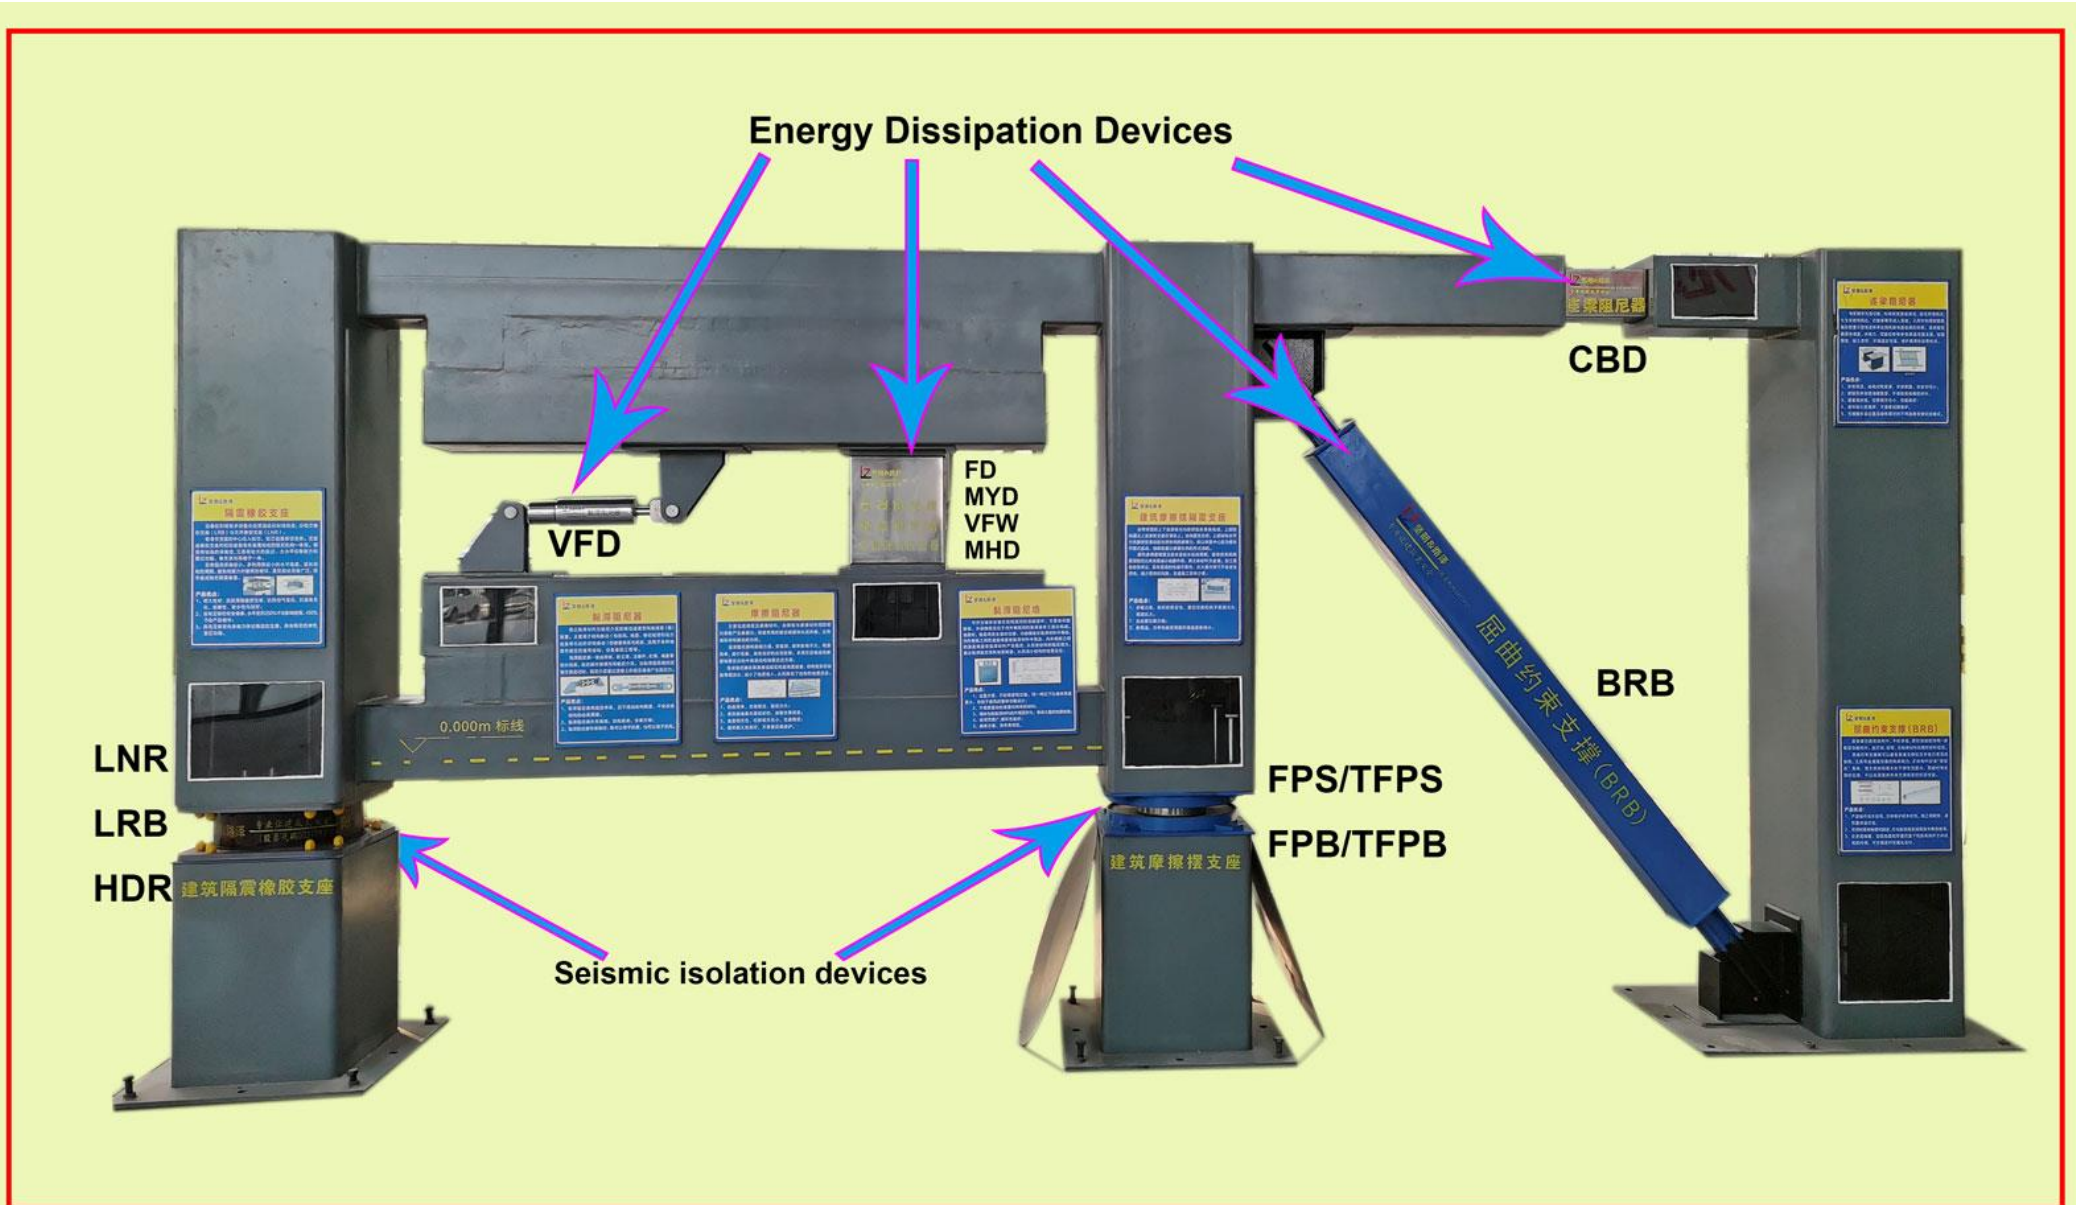

Seismic support and hanger

Flexible pipeline

I, Seismic Isolation and Energy Dissipation Products for Buildings

II, Seismic Isolation and Energy Dissipation Products for Bridges

Laminated Rubber Bearing

Spherical Bearing:

QZ Series Spherical Bearing (Per GB/T17955-2009 Standard)

LQZ Series Spherical Bearing

Pot Bearing:

GPZ Series Pot Bearing

GPZ(Type II) Series Pot Rubber Bearing for Highway Bridges

GPZ(Type III) Series Pot Rubber Bearing for Highway Bridges

GPZ(2009) Pot Rubber Bearing for Highway Bridges

GPZ(KZ) Series Seismic Pot Rubber Bearing for Highway Bridges

QPZ Series Pot Bearing

Viscous Fluid Damper(VFD);

Velocity Lock-up Device(LUD/STU);

New-Type Bearing:

JPZ Series New-Type Pot Rubber Bearing

JQZ Series New-Type Spherical Steel Bearing

GQZ Series Bridge Spherical Bearing

Lead Pad

Anti-Overturning and Beam-Fall Prevention Seismic Isolation Bearing

Anti-Overturning Damping Seismic Isolation Bearing

II, Seismic Isolation and Energy Dissipation Products for Bridges

Other Bridge Supplies:

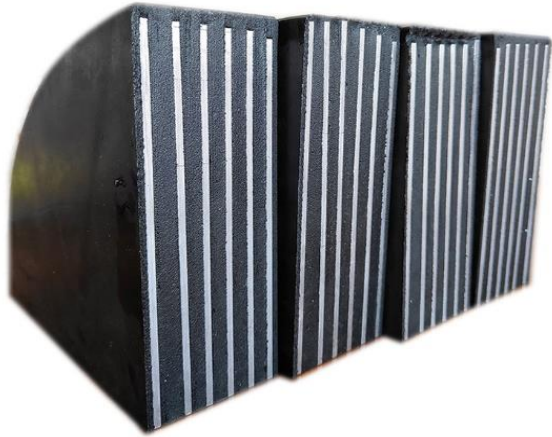

Bridge Expansion Devices:

GQF-C Type Expansion Joint;
GQF-D Type Expansion Joint;
GQF-F Type Expansion Joint;
GQF-E Type Expansion Joint;
GQF-MZL Type Modular Expansion Joint;
TST Filled Bridge Joint Elastomer;

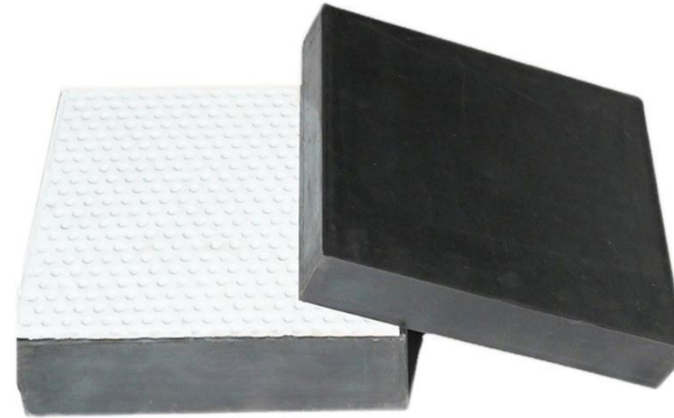

Rubber Waterstop Series:

Rubber Waterstop;
Water-Swellable Composite Waterstop;
Steel-Edged Waterstop;
PVC Plastic Waterstop;
External Plastic Waterstop;
Steel Plate Putty Waterstop;
Steel Plate Waterstop;
Putty-Type Water-Swellable Waterstop;
Product-Type Water-Swellable Waterstop;
Slow-Swelling Rubber Waterstop;

II, Seismic Isolation and Energy Dissipation Products for Bridges

Laminated Rubber Bearing

Laminated Rubber Bearing

II, Seismic Isolation and Energy Dissipation Products for Bridges

Spherical Bearing

Pot Bearing

II, Seismic Isolation and Energy Dissipation Products for Bridges

Viscous Fluid Damper(VFD);

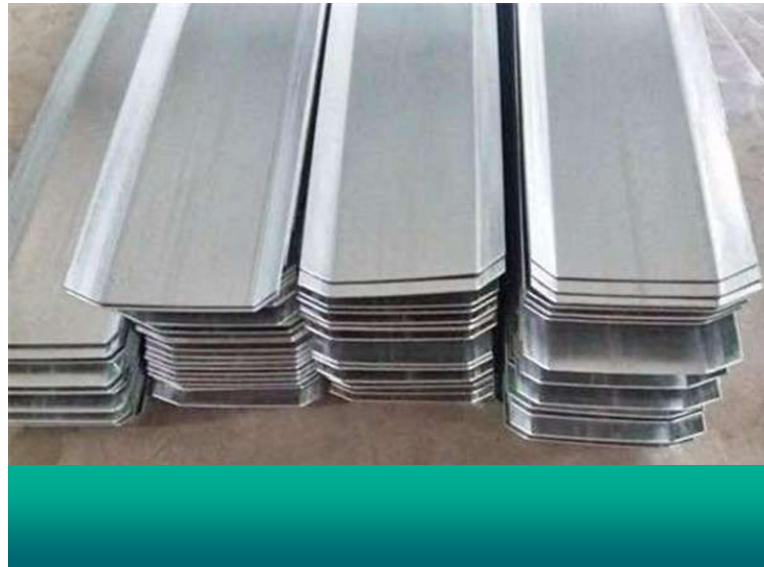

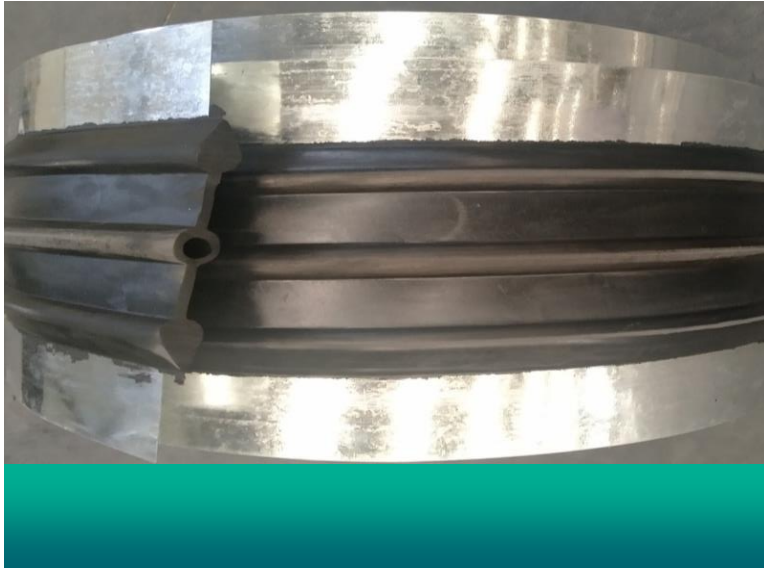

Velocity Lock-up Device(LUD/STU);

II, Bridge Expansion Devices

II, Rubber Waterstop Series

III, Shock-absorbing Products for Equipment

Shock-absorbing Pad for Power Equipment

Thanks
